

## IT SERVICES FOR BUSINESS

New River Computing is a locally owned IT services company dedicated to serving businesses in the New River Valley. The IT services we provide can help your business to increase revenue, decrease costs, and minimize risk.

The success of your business is important to the economic growth of our area. We take pride in providing the right computing infrastructure, services, and tools you need to succeed. Our close proximity allows us to respond quickly to service calls, and our expert staff takes pride in their relationship with you and your company.

## In this issue

Happy Holidays! **P.1**

Matt's 5th Anniversary **P.1**

NRC Holiday Party **P.2**

## Happy Holiday from New River Computing!

New River Computing would like to wish everyone a safe and happy holiday season!

## Happy 5th Anniversary to Matt Stuart!

Congratulations to Matt on his 5-year anniversary at NRC. Matt joined the team in December of 2009. We can't believe that it's been 5 years, already (and neither can Matt)!

# New River Computing's Annual Holiday Party!

NRC celebrated the holidays at our annual holiday party, which included food, games, and a “white elephant” gift exchange (which may or may not have left certain employees slightly disgruntled about their final gifts).

As we round out another year, we'd like to thank the entire NRC team and all of our clients for another successful year. We look forward to continuing to provide IT services to businesses in the New River Valley of Virginia and beyond, in the coming year.
